MOVING OR METER READINGS CONCERNS

We obtain our meter readings from the city or village water
departments in which you reside. If you have questions
regarding a meter reading, please call them. If you are moving,
please call your water source first and they will relay the
information to us. However if you reside at a property with a
private well source of water, it is imperative you contact us
when you are moving.

WATERING CREDIT

If you are doing extensive watering of your lawn or filling a
large pool, you may be eligible for a watering credit. **Please call
when you receive your bill that covers the service dates
where the heavy watering occurred.** Call us at 630-301-6881
to see if you qualify for the watering credit, as calculated by our
district. **Credits will only be issued on current bills.**
