OAK BROOK, IL 60522

While we should probably thank you for being one of our best customers, we don't want you to spend so much of your budget on your water bill.

Our system shows that the water usage at your property, at **16801 E WYOMING CIR** in November of 2024 was **270%** greater than the same month last year. The account of concern is A122119.

Year-to-Year Water Use Comparison

We are experts in HOA/multi-family property water usage, so let us assist you with identifying the source of your high-water use. We will share more data, help with leak detection, and share indoor and outdoor best practices. Conservation is our top priority, and saving money is yours. Let's work together. Contact me today to get started.
